The conference will be held in the picturesque territory of the cozy country hotel "Elochka" (Pine tree), which is located in the environmentally friendly place on the bank of the gulf not far from both Irkutsk and Baikal Lake. The hotel possesses the modern rooms of various price categories (from 875 to 4000 rub/day). See details on the website ([www.elochka-otel.ru/](http://www.elochka-otel.ru/)).

The cultural program of the conferences includes the trip to Baikal Lake, the tour around Circum-Baikal railroad, visiting the restored historical center of Irkutsk and other entertainment events. The leading Russian and foreign scientists will attend the conference with plenary and key lectures. Results of the conference will be covered in a Book of abstracts indexed in Russian Database of Scientific Citation.

**Scientific program will cover the following topics:**

- Organic and organoelement synthesis on the basis of unsaturated compounds;
- Medicinal chemistry;
- Theoretical and applied issues and application of hydrocarbon and renewable feedstock;
- Design of materials, including polymeric and their precursors, for advanced technologies.

**Registration fee for foreign participants (in euro)**
